Safety Reminder

Please remember to abide by the school zone speed limit when dropping off and picking up your students from school. We have had several vehicles (mostly tractor trailers) traveling faster than the posted 20mph. We are on a busy road with many out of state/non local drivers on it. We can work together as a community to ensure our students and staff are as safe as possible. The school and the ACPD thank you!

PTO

School looks differently this year, as we all know, but the PTO made sure our students had Thankful Parties last week. A huge thanks to them for their donation to each classroom to make sure the Thankful Party tradition continued!!!

We are thankful for our PTO!!!

Health Checks

Now, more than ever, it is important to evaluate your student's health before sending them to school. Do not send your student if they are ill. **Students who become sick at school need to be picked up immediately from the school. This may mean that some families need to set up a secondary transportation pick up plan. The school nurse, secretary or principal will inform you of when your student can return to school and what procedures need to be followed when sent home with an illness.** Call the school with any questions, comments or concerns.
