Wellness Corner November 2021

November ~ that time when you give focused attention to thankfulness and gratitude. Did you know that there is ongoing research to support that gratitude is good for our brains and bodies? Practicing gratitude has been shown to increase energy, reduce blood pressure, and improve sleep. The habit of gratitude needs to be practiced every day. This week try "I appreciate you because..." statements in the car or at the dinner table. Everyone speaks to the person beside or in front of them. It is fun to hear what your kiddos have to say! Remember to click the Student Wellness link for the monthly **Parents Make the Difference**: <http://www.southeast.k12.oh.us/district/student-wellness#>. Enjoy this beautiful season! *Marnie Reber, Wellness Coordinator: soea_mreber@tccsa.net.*
