### Nurse Angie - (WELCOME TO ACE's NEW NURSE, ANGIE CLARK!!!)

We are coming into the cold and flu season and we will start seeing more students getting sick. This is a friendly reminder to please not send medications to school with your child. Two reasons, one being, this can pose a safety issue of your child taking the medication improperly or giving it to another student. Second reason, we can not give any medication without a doctor's note. If you feel your child needs medication at school please contact me via email ([soea\\_aclark@tccsa.net](mailto:soea_aclark@tccsa.net)) or by calling the office and I will get you the proper form. Thank you!

Greetings, Families. Conference time will soon be here for our elementary buildings.

Here are some tips for a successful in-person or phone call meeting:

Before the conference:

- Make a list of things you'd like to tell the teacher.
- Let your child know you are having a conference. Ask if there's anything you and the teacher should discuss.

During the conference:

- Be on time. Teachers have many conferences, and a five-minute delay can throw off the schedule.
- Listen carefully and take notes about your child's progress.
- Be positive. Remember: You and your child's teacher both want what's best for your child.
- Make a plan with the teacher to address any concerns and schedule a time to follow up.

After the conference:

- Let your child know how the conference went.
- Start with positive comments. Then, talk about any suggestions the teacher made—and how you plan to help your child carry these out.

Remember to check out our district website <http://www.southeast.k12.oh.us/district/student-wellness#>. As always, let me know if you have any questions. Enjoy the season!
