- **Math Academic Night / Make-it, Take-it Workshop**

PIZZA * CHIPS * COOKIES * DRINK PROVIDED!

Food served from 6:00-6:30 p.m.

Reading Academic Night is a special night for your child(ren) to spend interacting, playing games and learning reading skills along with other students from our district (grades K—6). We'll have several games set up at your child's grade level that teachers will be actively participating in with your child. This will be a fun time to get together with their friends... and meet new friends from across the district! We hope that you plan to bring your child(ren) to this event!

We'll also have a place for parents to make educational games to take home. **FREE supplies and ideas** to help make learning fun and give you something educational to share with your child at home. Please plan to attend our **Make-it, Take-it Workshop!** Your child(ren) will be busy having fun and you can take a break to be creative and enjoy time with other adults. We'll have your completed projects laminated to keep them durable for multiple use.

Make-it, Take-it Workshop has always been held each year in the mornings at the elementary buildings.... BUT now we're holding it in the evening to give more parents the opportunity to attend! We will have a **drawing to give away children's books for those in attendance!**

Please return registration form below by November 1st to attend!

Academic Night ~ Games

YES! My child(ren) is planning to attend the Academic Reading Night

Parent/Guardian Name & Child(ren) Name: _____
