Fundations Unit 4 packets are in folders today. We will be learning to read & spell with digraphs! Please keep this packet for 4 weeks & **begin working on WEEK 1** activities.

Have a few extra minutes in your evening? **Ask** your child a few addition and subtraction problems. Have your child **tell** you a number story & have them teach you how to find the answer. If your child needs more support remind them to use fingers & objects to count. If your child needs a challenge try using teen numbers or larger numbers.

Our next Reading Wonders unit is all about animals & the zoo will be coming to Apple Creek Elementary...The KINDERZOO, that is! Families will choose a zoo animal, research/complete an animal web & create a matching habitat for our KinderZoo which will be held on Friday, March 9th in the kindergarten classrooms. All family is invited...mark your calendars! **LOOK FOR detailed information to come home in folders TOMORROW.**

Reminders:

***continue reading for February Book-It ***

continue collecting BOX-TOPS (our class is in the lead for kindergarten)
