LIBRARY

A 3D architectural rendering of a modern library interior. The space is characterized by a high ceiling with a wooden finish and a white truss structure. A large, multi-paned window with a dark frame is the central feature, reflecting the ceiling's structure. Below the window, a white brick wall features the word "LIBRARY" in large, dark, sans-serif capital letters. The wall is accented with horizontal yellow bands. To the left, a yellow structural beam runs diagonally across the ceiling. The floor is a dark, neutral color. On the right, a glass-enclosed staircase with a metal railing is visible. The overall design is clean, bright, and functional.
