May 14th - 18th

•On Monday, May 14th, the Soil and Water Conservation District will be coming back to teach us about "Freddie the Fish". They had previously been in to teach the kids about parts of a tree and different kinds of birds/bird calls. During this meeting, participants will follow Freddie the Fish downstream to gain an understanding of the importance of clean water, ways in which we pollute the water, and the impacts pollution has on wildlife. •On May 15th, we will be going on our field trip to the Wilderness Center. Here are a few things to remember:

1. Please make sure your child is dressed for the weather. We will be doing a lot of walking, so tennis shoes are needed. Please make sure all sunscreen and/or bug spray is put on before they come to school. We will not have time to do it once they get back to the classroom.
2. If you are a packer, please pack the lunch in a brown bag with your child's full name and teacher's name.
3. If you are planning on sending money for the shop, please send it in an envelope with your child's name, amount, and teacher's name.

•On Friday, May 25th, the 5th and 6th graders will be holding their Economics Fair in the Gym. Both grades have created items to sell for the rest of the school to buy! All the proceeds go to fund next year's Camp Wanake trip. If you would like your child to shop, please send money in an envelope with their name and the amount enclosed. Don't worry if you forget, there are always booths with free drawings.

• If you have library books out or lunch fees, please turn them in/pay them off ASAP. If they are not taken care of, you will have to pay for the book(s) and will not receive a report card at the end of the school year.

•You can find my newsletter along with lots of educational websites located at: <http://www.southeast.k12.oh.us/applecreek/kindergarten>

•I am so blessed I get to work with your child each day! Thank you for your support and feedback! I could not ask for more supportive parents! Have a great weekend! Mrs. Zacharias
